Learning Lab Objectives:

- Leverage the collective focus on vulnerable Coloradans among a wide variety of stakeholders
- Provide a forum to identify innovative approaches, promising practices, challenges and lessons learned from implementation of the ACC
- Synthesize input from the SNAC Labs and develop a shared body of knowledge for state health policy leaders, future initiatives, and other states
- Provide SNAC Labs participants, as well as the wider safety net community, with the latest strategies for care coordination arrangements, measuring patient experiences and outcomes, and using available data to measure the effectiveness of the model
