

The TRAC Lab
Tracking Reform Action in Colorado (TRAC)

Tuesday, August 20, 2013

AGENDA

2:30 p.m. Welcome, Introductions, Objectives

Michele Lueck, President and CEO, Colorado Health Institute

Shana Montrose, Senior Analyst, Colorado Health Institute

2:45 p.m. From the Field: A Model for Tracking Health Reform Implementation

Art Davidson, Director, Denver Center for Public Health Preparedness

Ed Havranek, Director of Health Services Research, Denver Health Medical Center

2:55 p.m. From the Field: Kaiser Permanente Institute for Health Research Update

Liz Bayliss, Director for Scientific Development

Jennifer Barrow, Portfolio Manager and David Magid, Senior Investigator

3:15 p.m. Conversation: Opportunities for Collaboration

Discuss how your organization is involved or interested in tracking and evaluating health reform.

- ❖ What research are you doing now? What else are you planning?
- ❖ What additional research would you conduct if more resources became available?
- ❖ Which areas would benefit from collaboration?

Jeff Bontrager and Shana Montrose

3:55 p.m. Summarize, Next Steps

Jeff Bontrager, Director of Research on Coverage and Access, Colorado Health Institute

Meeting Objectives

- Inventory efforts underway to track the impact of state and national health reform
- Invite speakers from the field to provide in-depth presentations of their work
- Identify areas for collaboration
- Discuss how the Colorado Health Institute can support tracking efforts
