MDPH Overview

Vision
Improved health in metro Denver through regional collaboration

Mission
We build partnerships between our agencies and across sectors to increase capacity for achieving our vision
MDPH Principles
MDPH Governance Overview

In 2020, MDPH partners created a **multi-sector governance structure** to:

- Foster increased transparency and clarity around roles, responsibilities, and accountability
- Ensure sustainability of a broad collaboration

Governance overview:

- **Backbone organization** structure
- **Committees** provide strategic direction for **workgroups**

Goals

- Clarity in health care and public health’s collective voice
- Improved partnership and collaboration among sectors
- Increased alignment in our public health, assessment, and population-level implementation plans, resulting in increased efficiency and consistency in engaging with our communities
- Reduced burden on community members and MDPH stakeholders by providing a single venue for public engagement
- Pooled resources and improved funding reach
- Better awareness and capacity to address health equity needs leading to decreased health disparities
- Increased trust, respect, and commitment among partners in all roles
- Improved and accessible data at a regional level

Improved health outcomes
